

# Bronze Plus Everyday Hospital

Everyday Hospital is available in \$350 or \$700 excess options. You'll pay your excess directly to the hospital. They'll let you know when you need to pay it. You don't pay any excess for dependents on your membership under the age of 22. Your excess for day surgery is \$100 per admission (capped at your full excess amount).

## Private or public hospital costs – contracted private hospitals and public hospitals

Accommodation	After you've paid any applicable excess, you'll be covered for your hospital accommodation in a private hospital. This may be in a private or shared room (depending on availability).	
Operating theatre / Intensive care	Up to 100% of the cost, provided that your treatment is not related to any of the items listed under 'exclusions' or 'restrictions'.	
<b>Doctors' costs</b>		
Doctor of your choice	100% of the Medicare Benefits Schedule (MBS) fee for services provided by doctors in hospital. When you are treated in hospital, Medicare will pay 75% of the MBS fee for each 'item' and private hospital cover is only allowed by law to pay the remaining 25%. Doctors are not limited to only charging the MBS fee – and that's where people can end up with out-of-pocket costs, because the law prevents funds from paying more than 25% of the MBS fee. We offer a program as part of all our Hospital covers that can help to reduce the likelihood of out-of-pocket costs. With Medcover, you can ask your doctors to charge a set fee based on a different fee schedule, which is higher than the MBS fee but probably not as much as they might otherwise charge. If they agree to use Medcover, you will either have no out-of-pocket costs or you will know in advance what the costs will be. We can give you more information and assistance with this when you are planning your hospital stay. Please note that doctors usually work in a select few hospitals, which may limit the choice of hospitals available to you if you wish to be treated by a particular doctor.	
<b>Prostheses and pharmaceutical costs</b>		
Prostheses	100% of the cost of government-approved no-gap prostheses, provided that the prostheses are not related to any of the items listed under 'exclusions'. We recommend that you contact our Member Care team to find out exactly what you're covered for before going into hospital.	
Pharmaceuticals	100% of the cost of: <ul style="list-style-type: none"> <li>TGA and PBS listed pharmacy items directly related to the reason for your hospitalisation, supplied to you during your admission provided they are not listed as a restricted drug.</li> <li>pharmaceuticals listed on the Commonwealth Exceptional Drug List.</li> </ul>	
<b>Ambulance attendance and transportation costs</b>		
Ambulance	Benefits for ambulance are paid when the service is provided by a state government operated, authorised or approved ambulance scheme. Residents of VIC, SA, WA, TAS, NT- up to \$5,000 per person per year for emergency ambulance attendance or transportation in the case of accident or illness. Cover applies anywhere in Australia. Residents of Tasmania are covered by a reciprocal state government ambulance scheme in all states except QLD and SA, so our Ambulance cover only applies where the state government scheme does not. You can also purchase additional Ambulance cover through a state government ambulance service. Residents of NSW or the ACT – unlimited cover for emergency transportation, and medically necessary non-emergency transportation. Cover applies anywhere in Australia. Residents of QLD – unlimited cover under a QLD state government ambulance scheme for emergency transportation, and medically necessary non-emergency transportation. Cover applies anywhere in Australia. Contact the QLD state government ambulance provider for more information.  *Your level of ambulance cover is based on the state the policy is held in. If you live in a different state to the residential address of the policy please contact our team.
